

The Bristol County Estate Planning Council  
*Invites you to a Free Breakfast Networking Meeting*

**Estate Management and Liquidation**

## **DOWNSIZING, SELLING OR INSURING ARTWORK & FURNISHINGS**

Do not sell your clients short by simply advising "a clean-out" or letting a consignment store under-rate and cherry-pick valuable furnishings and artwork (and take 50% of the profit!) Learn how to maximize profits when selling artwork, antiques, jewelry and precious metals. Meet top professionals and gain exceptional resources for clients who look to you for trusted guidance in estate management. Three experts will discuss their team approach to organizing, downsizing and the critical importance of working with a certified appraiser. You will be introduced to the correct sales venues used to maximize your client's profit i.e. international online auctions and private buyers.
